AG ROP Select-a-Term accumulates a cash value that starts no later than the fifth policy year. At the end of the level premium period, the cash value of the in-force policy equals the total of cumulative premiums paid, less any charges for substandard ratings and riders. If the client surrenders the policy, this amount is paid out, minus any outstanding loan balance. Alternatively, the same amount may be rolled into a permanent plan of insurance should the insured be eligible for and choose to exercise the conversion option. Coverage may also be continued beyond the level premium period by payment of increasing annual premiums, and the policy will continue to build cash value until the policy anniversary nearest the insured’s 95th birthday when the cash value will equal the face amount of the policy. The cash value, minus any outstanding loan balance, will then be distributed as the endowment benefit if the policy is in force and the insured is then living. The cash value and endowment benefit are subject to all terms and conditions detailed in the policy.
